GLOW - 70mg

4X TESTED

PASS

Tested for: Authenticchain

COA #: COA-2026-H32XFA
Lot Number: HFXWSG
Labeled Content: 70mg
Volume: 3mL

Analysis Date: 10/29/2026
Cap Color: White
Date Received: 10/26/2026

Notes & Methodology

- Date Tested: 10/29/2026. Methods: Blend Purity, Identity & Quantitation (HPLC).
- The sample was confirmed to be GLOW by HPLC. Identification by chromatographic retention time comparison with a reference standard.
- Peptide purity determined by RP-HPLC area normalization at 214 nm. Value represents the percentage of the target peptide relative to all peptide-related peaks. Non-peptide process-related impurities, if detected, are excluded from the calculation.
- Per-component content determined by individual peak integration. Not all labeled components may be present.
- Quality System: ILS Laboratories operates an ISO/IEC 17025 quality management system. Peptide testing is performed for Research Use Only.
- This certificate reports analytical results for the sample(s) submitted to ILS Laboratories for testing. All sample identifications, product names, brand names, lot/batch numbers, and labeled content are provided by the submitting party and have not been independently verified. Results reflect only the analytical testing of the specific sample(s) provided and do not constitute an evaluation or endorsement of the manufacturer's processes, quality systems, or overall production. ILS Laboratories makes no representations regarding the intended use, safety, efficacy, regulatory status, or intellectual property ownership of any materials tested.
